

# DEVON HISTORIC CHURCHES TRUST

## ANNUAL REPORT 2021

## THE PAST THE PRESENT THE FUTURE

The social benefits of maintaining our parish churches must not be under-estimated. By funding repairs and the installation of modern facilities such as kitchens, toilets and disabled access, historic religious buildings which have been at the centre of Christian worship for hundreds of years also become community hubs. Unlike other countries, in Britain neither church authorities nor the state directly support the upkeep of churches. We must work together to bring real social and economic benefit to communities and to ensure their survival for future generations.

## Chairman's Report

The Devon Historic Churches Trust has had a hard working and successful year made significantly more difficult by the covid pandemic.

The continued worry about Covid and how to manage our lives remains a problem for most of us. For some it makes opening and supporting churches more complicated but for others there has been a reawakening and new determination to worship together and to continue to care for our wonderful historic buildings. There has been a lull in the demand for our grants but it is encouraging to note that requests for help and grants are now increasing.

Fundraising has been a challenge but thanks to Judith Kauntze's wonderful efforts it remains positive and the DHC day was once again a happy and successful occasion for many parishes. The advent of the e-bike has made ride and stride much more possible in our hilly county! In general our funds have held up relatively well thanks to lots of commitment and hard work from many people.

The DHCT is supported by a steadfast and excellent group of trustees, assessors, deanery representatives and our friends. The committee has had various zoom meetings but we were able to meet again in person in October. This was a good reunion and meeting and led to wide ranging discussions about the care of the Historic Churches and the grants that we give. Not only are funds tight and difficult for our churches but getting and engaging craftsmen has also become a big challenge. The other issue is about volunteers who are able to give their time and skills to our churches and the work of the trust. We would very much like to encourage new volunteers and I would love to hear from anyone who is interested.

*Lady Burnell-Nugent*

## Hon. Secretary's report

I will begin by thanking Judith Kauntze on behalf of the Trustees of Devon Historic Churches Trust and places of worship in Devon for her unstinting work with colleagues across the County and with Church and Diocesan officers. Together, they have kept the need for fundraising for church repairs and improvements in the public mind. Without this fundraising, all of us would struggle to achieve those works necessary to keep churches in reasonable condition to help attract new worshippers and make our ancient churches places conducive to worship of the Lord. It is worth reflecting that this was all achieved during the Covid -19 pandemic.

As always, I exercise my interest in the fiscal framework for the repair and improvement of churches. Thankfully, we have not had any concerns drawn to our attention by churches in Devon regarding the Heritage Lottery Fund's (HLF) Grants for Places of Worship (GPOW) and other HLF schemes but we will continue to monitor with partners what is happening both nationally and locally. It is also very important for all of us to be vigilant about the Listed Places of Worship Grant for VAT Recovery. Although there have been no serious concerns raised so far about renewal, we do need to maintain a watchful eye.

Another matter to which I have drawn your attention in the past has been the Taylor Review pilot scheme following the publication of the Taylor Review report into the Funding and Sustainability of England's Cathedrals and Churches. This pilot aims to test the impact of fabric support officers focussing on maintenance and repair of historic fabric and community development advisers helping to increase engagement beyond the worshipping community in both an urban and rural context. Both factors are important – the first for the management of buildings and the second for the potential promotion of attendances, alternative use of buildings and possibly the funding base for churches. Some lessons are now beginning to emerge from schemes in Manchester and Suffolk and we hope to report further on this matter when we have put Covid behind us.

Here in Devon we have continued to award both Main Grants and Small/Emergency Grants in the past year. Because the Trust's own funding position has been difficult on occasions we have had to make some temporary adjustments to the amounts available for grants from time to time. These grants were for works as varied as repairs to some newly uncovered wall paintings at one end of the spectrum to roof repairs to keep out the rain at the other end.

Thankfully, we are now back to our normal levels of grant. I would urge all places of worship to keep Devon Historic Churches Trust in mind when putting together a funding package to facilitate a project. If in any doubt about eligibility, please do telephone me on 01297-553666.

So far, we have come through the Covid pandemic without any major ongoing issues to cope with, and I pay great tribute to all those who give unstinting support to the Trust and places of worship – the Chairman, Archdeacons, the General Purposes Committee, fellow Trustees, Grant Assessors and Deanery representatives through to those very keen supporters locally who give freely of their time and effort to support our major fundraising activities.

Congratulations also to all those people at individual churches who struggle so valiantly with the variety of funding sources (and the associated grant application forms), which they have to tap into to ensure that repairs and improvements can actually happen, and to those who actually manage those improvements and repairs.

Thank you.

*John Mills*

## Finance Director's report

The charity's revenue is derived from three sources:

- the annual fund-raising day raised £34,840  
(2020: £37,345),
- investment income came to £34,193  
(2020: £45,290)
- and donations came to £20,519  
(2020: £12,749).

**Overall income** this year was **£89,552** (2020: £95,348)

**Grants of £61,985** (2020: £102,294) were made.

The funds raised by the annual Devon Historic Churches Day are a large and valuable source of revenue. Particular thanks go to our organiser, Judith Kauntze, and all those involved.

Investment income dropped as did the value of our investments due to the pandemic. Since the year end we have split the fund between two managers and re-jigged the structure of our holdings to ensure a steady income in future.

*Hendrik Vollers*

## Administrative & Fundraising Secretary's Report

In the year ended 31st March 2021 the following donations were received:

- £1,432 from 45 PCCs
- £3,705 from 75 individuals
- £254.25 reclaimed tax on Gift Aid donations  
for the year 2020/2021

*Claire Sherlock*

## Devon Historic Churches Trust

*Here to help, quickly, simply and efficiently*

### Small & Emergency Grants Scheme

A couple of years ago, the Trust benefitted from a legacy which has enabled them to establish a fund to help Places of Worship to progress emergency repairs as quickly as possible. **Emergency Grants** of up to £1,000 are available.

The need for these repairs could arise from many causes – wind, water ingress, subsidence etc. An Emergency Grant could be required to acquire a tarpaulin to cover a sudden hole in the roof, or for special equipment to tackle the effects of a flood. As time will be of the essence, a short and simple application process is in place.

This concept has now been extended to include

**Small Grant** provision, again up to a ceiling of £1,000 and with the same simple speedy process.

The application form can be accessed from the Devon Historic Churches Trust website: [www.devonhistoricchurches.co.uk](http://www.devonhistoricchurches.co.uk) under the heading of Small & Emergency Grant Applications and a response achieved very quickly.

## For the love of Devon's churches

The Devon Historic Churches Trust is dedicated to providing vital funding to enable our Devon churches to undertake the essential work for repairs and refurbishment, but the funds for this have to be raised and we urge kindly folk wherever possible to consider **inclusion in their Wills**. These sums have made a significant difference to our ability to give grants, for example: a legacy a few years ago enabled us to create the Emergency and Small Grants scheme and this has proved an extremely useful new strategy.

We are also looking at other ways to increase our income, over and above the main fundraising event the Devon Historic Churches Day including Ride+Stride each September.

One of these strategies has to form a strong working link with **DevonChurchLand** (Website: [www.devonchurchland.co.uk](http://www.devonchurchland.co.uk)). This project created by Douglas Young is an amazing way to inform everyone on our "extraordinary churches, enchanting art, deep history" and we can really recommend you visiting it. Douglas has also assisted us by creating a short video highlighting the work of the DHCT and this can be viewed on our website: [www.devonhistoricchurches.co.uk](http://www.devonhistoricchurches.co.uk).

**Building on the success** of this we have been brilliantly supported by the **Canon Chancellor of Exeter Cathedral the Rev. Chris Palmer** – who has supported enthusiastically and successfully over many years our vital Ride+Stride event. Chris has created two videos for the DHCT one featuring the *Fun in Fundraising* to support our grant giving ability and the other on our **grant giving process** and the important funding it delivers to parish churches 'in their hour of need'.

These two videos together with the previous video are available on a memory stick for **Community Presentations** – which we hope will give added enjoyment and interest to all sorts of gatherings throughout Devon.

**If your community or a local group** would like to have one of these Presentations please let us know by emailing: [contact@devonhistoricchurches.co.uk](mailto:contact@devonhistoricchurches.co.uk)

*Judith Kauntze*

---

## DHCT Christmas Cards

This year we have produced high quality Christmas cards for your enjoyment.

They feature the Bishop Grandisson roof boss at Ottery St Mary Church.

**£5 for a pack of 10** including envelopes

You can purchase them by visiting our website:

[www.devonhistoricchurches.co.uk](http://www.devonhistoricchurches.co.uk)

## *Inspirational Adventures* raising funds in 2021

This year has again been one of exceptional challenges for everyone on every front and charities continue to struggle sourcing the vital income they need to continue their important work.

Given the on-going challenges of Covid19 we were very concerned about the income that would be generated from our major fundraising event, the **Devon Historic Churches Day**, including **Ride+Stride** in September.

**Devon is one of the most beautiful counties** in the UK with its rich variety of coast and countryside and these continue to be enjoyed by many; providing both a healthy and enjoyable opportunity to support the DHCT with sponsored adventures into the 'great outdoors' – and e-bikes continue to find favour with many participants – enjoyment without too much energy expended!

**Community events** have long been a substantial source of income for the DHCT – and of course the groups involved – but these were again reduced this year because of concerns about indoor activities, although some were organised with clever adaptations. It is really hoped that these can resume with enthusiasm in 2022 and the considerable **fun and friendship** involved can be enjoyed throughout Devon.

Outcome: A **HUGE Thank You** to the individuals, parishes and community groups who **made a significant effort to support us** and as a **Thank You** to them and hopefully provide encouragement to others for the future, I have again published a Memento of their activities: *Inspirational Adventures*, which was recently circulated and a link also placed on our website:

[www.devonhistoricchurchestrust.co.uk](http://www.devonhistoricchurchestrust.co.uk)

**Particular mention** must be made of the superb support given by three outstanding parishes:

**Kingsteignton's** continued brilliance including an AMAZING 2 day SILENCE from the outstanding **Jackie Edwards!**

**Jackie SILENTLY** serving Cream Teas at the Open Garden, Blue Hayes, Bovey Tracey.

**Alice May** fundraising for the DHCT and the St Matthew's Cheriton Fitzpaine Roof Appeal  
**"Raindrops Keep Falling on our Head"**  
**1 day, 1 beautiful county, 3 walkers, 6 boots...100 miles walking target...**

"A dark start at 5am, combating cobwebs and startling rustlings behind the shadowy hedges before the light arrives. Then what a day ... sunshine... food stops...beautiful churches... glorious countryside, wonderful folk providing delicious homemade treats along the way and then the VERY welcome sign of nearly home after 102 miles combined walking total. The anticipation of boots off, large cups of water, large mugs of tea, and yes those all important large glasses of wine!"

Richard and Sue Bonnie, the '**West Hill Wonders**', had considerable pedal power 'on the day' and the church community created this amazing re-cycle-d display in the church porch.  
**WOW!**

As a result of the support of so many wonderful people we are particularly pleased to report that our fundraising has again yielded very vital income to support our work. **A GREAT TRIBUTE to the heart and soul of Devon.**

**Looking forward to 2022** – we give a **HUGE THANK YOU** to **Evelyn Armstrong-Love of Modbury** who has created the most amazing cartoon featuring the challenges our churches our facing – and she has VERY KINDLY made this available for the DHCT to use for its publicity material.

*Judith Kauntze*

## An Ancient Gunner's Memories of Ancient Churches!

Towards the end of the last Century on the banks of the River Taw two trout fishermen were discussing their day's sport whilst quenching their thirst with a welcome beer. One of these gentlemen, being a trustee of Devon Historic Churches Trust, extolled the wonderful work of the Trust in helping churches and he successfully persuaded his friend that it was his duty to replace him so that he could retire from the Trust and spend more time casting a fly. That is how I became a member of the Trust.

I don't remember who it was who actually decided that I should become a Deanery Representative and Church Assessor, but it wouldn't surprise me if it wasn't the indomitable Judith Kauntze, whose persuasive powers are very hard to resist as many within the Trust will agree and which incidentally this article clearly illustrates.

My military career of serving the guns did not equip me well for my new role in life and as a 'new boy,' who couldn't tell the difference between a pilaster and a piscina nor indeed a sedilla and a spandrel, it was with some trepidation that I approached my first assessment. This year, certainly 23 years older and a little wiser, as far as church matters are concerned, I carried out my 76<sup>th</sup> assessment.

The ABC of Devon Churches list churches from Abbots Bickington to Zeal Monachorum, some 860 churches of which 23 fall within the Holsworthy Deanery area for which I am the Trust's representative. Of these churches 16 have received grants from the Trust.

In my assessment visits, which have been neither exclusive to the Holsworthy area nor to Anglican churches, I have found some real gems which must start with St James, Abbots Bickington which is known as 'the church in the

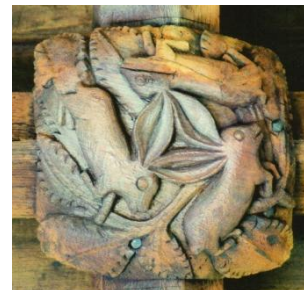

farmyard'. This must be one of the smallest churches in the country seating only 22 in the 10 foot wide nave, which is dominated by a large and fine monument to Thomas Pollard in the chancel.

Sticking with the letter 'A' my next gem is St Mary, Atherington, which has a beautifully carved rood screen of 1535 with a functioning rood loft, thought to be the only one in Devon, and a series of very fine bench ends of unusual design for Devon. There are also a number of important monuments and effigies.

My next offering is St Michael, Spreyton, which has some excellent carved roof bosses and wall plates, of which those in the Chancel are particularly fine and include the Green Man and the Tinnors' Hare bosses. The churchyard contains the grave of the famous Uncle Tom Cobley and, incidentally, there is a very fine inn of the same name in the village.

One of the more curious results from the past is that there are two churches in Devon which are in the Diocese of Truro, although well East of the River Tamar. I suggested that this curious state might allow them to apply to both Devon and Cornwall trusts but whether this succeeded I don't know. St Giles in the Heath is a small and simple church strangely situated some four miles from the village it serves and the other is St Bridget, Virginstowe, one of the few churches without a tower I have visited.

Now from the small to the grand; St Andrew, South Tawton, is a Grade 1 listed church of impressive size which would have benefitted from what was once one of the richest parishes in Devon. It has fine barrel roofs with medieval bosses and Victorian Angel figures on the wall plates. The church has completed much work including the HLF funded roof repairs

since my first visit in 2012 and is a credit to the community. The beautifully restored C15 Church House nearby, which is a wonderful community asset, is also worth a visit.

Most assessors I am sure find Hoskin's 'Devon' most useful but in some cases rather dismissive. Take his description of St James, Jacobstowe, which states "The church was over restored in 1902 and is of no interest." As the Churchwarden of St James I feel it my duty to correct this slur as in 2015, during the excavations of the nave, foundations of a late-Saxon curved apse at the West end of the nave were discovered. This caused a great deal of excitement among the archaeological community since western apses are very rare, St Oswald's priory, Gloucester, being another. Were he to visit today I am sure he would say "A small, delightful and welcoming church with proven pre-Conquest origins.

In my time the Trust, under the firm leadership of Lady Anne Boles and from 2013 Lady Burnell-Nugent, has not only been a great pleasure to work with, and rewarding in the knowledge of the help it has been able to give to our Devon churches but also in giving the pleasure of meeting so many hard working and enthusiastic people who keep their churches going.

*Duncan Michie*

## The Queen's Green Canopy

*Plant a tree for the Jubilee*

WHAT IS THE QUEEN'S GREEN CANOPY?

"The Queen's Green Canopy (QGC) is a unique tree planting initiative created to mark **Her Majesty's Platinum Jubilee** in 2022 which invites people from across the United Kingdom to "Plant a Tree for the Jubilee".

Everyone from individuals to community groups, villages, cities, counties, schools and corporates will be encouraged to play their part to enhance our environment by planting trees from October 2021, when the tree planting season begins, through to the end of the Jubilee year in 2022.

With a focus on planting sustainably, the QGC will encourage planting of trees to create a legacy in honour of The Queen's leadership of the Nation, which will benefit future generations.

As well as inviting the planting of new trees, *The Queen's Green Canopy* will dedicate a network of 70 Ancient Woodlands across the United Kingdom and identify 70 Ancient Trees to celebrate Her Majesty's 70 years of service. Individuals

- The Devon Historic Churches Trust is pleased to support this project.

NON CONFORMIST CHURCHES Mr John Draisey 01392 434217

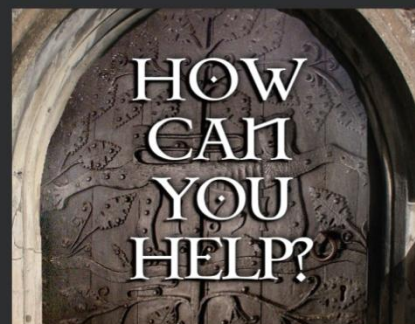

Devon's Churches have been a focal part of life in the county for centuries, providing both a spiritual and physical focus for the communities they serve.

They are also an important part of both the landscape and our cultural heritage. Often the cost of the work required to maintain or repair a church or chapel is far beyond the means of the local congregation and community.

...You will have the satisfaction of knowing that everything you give will be gratefully received and faithfully applied.

Your contribution will help to ensure the survival of an important part of Devon's heritage and beautiful country landscapes.
